Dear Parents

RE; SCHOOL CLOSURE PROCEDURES DUE TO INCLEMENT WEATHER

As you are aware there have been severe weather warnings forecast for snow in the coming days. In case action has to be taken I would like to outline the procedures for inclement weather.

An up to date status will be shared via www.pembrokeshire.gov.uk (PCC website) also the school Facebook page and Twitter. Would you please monitor the aforementioned social media formats in order that you are up to speed with the current situation. We would kindly ask that parents refrain from telephoning the school to keep the telephone line free for emergency calls only. Parents who register for the PCC “my account” on the www.pembrokeshire.gov.uk/alerts will be able to subscribe to email alerts about changes to the school’s status.

We will endeavour to keep the school open within reason, taking into account the safety of pupils and staff travelling to and from school. This may mean adjusting the school’s opening and/or closing times, details will be conveyed to you via the school’s Facebook page or PCC website. If, as a parent, you feel it necessary to collect your child early from school due to the inclement weather, please do so.

Kind regards.

Mrs V Griffiths
Pennaeth – Head teacher
